

Siddhesh Gawade

Student Developer | Full Stack Web | AI, ML & IoT Explorer

Pune, Maharashtra siddheshgawade4554@gmail.com

Summary

Tech Enthusiast | Web Developer | AI Explorer | Robotics & IoT Learner I’m a passionate tech explorer who loves diving deep into the ever-evolving world of technology. From building dynamic web applications to now venturing into the fascinating realms of Artificial Intelligence, Data Structures & Algorithms, and Data Science, I’m constantly expanding my skillset. I thrive on solving problems, creating impactful projects, and staying curious. Whether it's coding, tinkering with Robotics & IoT, or learning the next big thing in tech I’m all in. With hands-on experience in web development and a growing interest in smart, intelligent systems, I aim to merge innovation with functionality to build solutions that matter

Experience

Sindhudurg Sainik School **May 2021 - April 2023**

Ongoing

Projects

Sindhudurg Sainik School Website **2021-2023**
 <https://github.com/SiddheshCodes4554/SchoolWebsite>
This is a full stack school website project along with admin panel allowing admin to manage each and every part of website without need to change the code. This ensures great user experience and easy management for client to manage data for the website.
Github Readme Generator **2024**
 <https://app--readmeai-40695e8a.base44.app/>
The GitHub Readme Generator is an AI-powered tool that simplifies the process of creating professional, detailed README files for GitHub repositories. It uses advanced AI to analyze your repository and generate a high-quality README.md in seconds, ensuring your documentation is accurate and up to best practices.
Personal Financial Tracker **June 2025**
 <https://personal-finance-app-flame.vercel.app/>
This is a modern, responsive financial tracking web application built using the MERN stack with Supabase as the backend. The app allows users to seamlessly manage their income and expenses in real-time with a clean and intuitive UI.
